

One day, two boys named Derek and Ryan who live next to each other were walking to school. Derek wore a red t-shirt with baggy jeans way too long for him. Ryan wore a THrillers t-shirt because it was his favorite band and dark pants close to the gray family of colors. “Well, another boring day going to school” Derek said in a moody tone. “I know!” Ryan said. “Why was school even invented?” “Well at least we’re going to get the latest Game of Monster Fiends!” Derek said with excitement. When they finally got to school, they came across the biggest bully in school. “Uh oh!” Ryan said nervously. “What? What is it!” Derek said worried. “It’s Tony!” Ryan said. “He’s coming straight at us!” “Why us?! What did we do?!” Derek said. “Well well! What do we got here!” Tony said with authority. “H-hey t-to-tony! J-just heading to class!” Ryan said scared. But as soon as Tony was going to pick up Ryan, the bell rang. “Wow, you two got lucky! tomorrow you two are dead meat!” Tony said angrily. “Well, at least we didn’t leave with a bruise on our face!” Derek said. “y-yeah I guess your right.” After school, the two boys walked to the video game store to buy the new video game. “Oh my gosh! I can’t wait till I get my hands on the game!” Derek said. “Yeah! we’re going to play the game all day and night in your basement!” Ryan said. “Yup! My parents are on a cruise with your parents for their honeymoon and we’re left with the best babysitter on the planet!” Derek said with complete excitement. When they finally arrived at the store, they were disappointed at what they saw. “Aw man! There’s a huge line!” Ryan said. “well, we have to wait.” Derek said with sadness in his voice. They waited

an hour and a half and finally got to the counter. "What can I do for you two kids?" The man in the counter said. "Two Cd's of the new Monster Fiends game!" The two boys said. "Oh, I'm afraid we're sold out! A new batch is coming next month! Sorry boys!" The man said. "Really!" Said Ryan. "come on!" Said Derek! As they walked home, Ryan had an idea. "Hey! maybe we can go to the creepy old van at the mall!" Ryan suggested. "Sure, we have nothing to do." Derek said. As they walked to the mall they saw the old van. It was a dark SUV with a broken window and rusted metal. It was worn out and always stayed at that parking spot all day and all night. "Let's go inside." Ryan says in excitement. As they walk in the van, an old tall slender man greets the two boys. "G-greetings!" The old man says. "Yes hi, um we were wondering if you had the latest game called monster fiends." Derek asks. "oh yes we do! Here you two boys go! One for each of you!" The old man says. "Yes!" The two boys say in complete relief and excitement. "How much?" Ryan asks. "\$10.95." Derek and Ryan pay the old man the money and headed home. "Oh man! I can't wait to play this game!" Ryan says. "I can't bear looking at the game!" Derek says in excitement. When they got back, they immediately put the CD into the counsel. "Hey, the TV looks buggy" Ryan says. All of a sudden, a swish of black almost like a portal drags the two boys in. "Ah! I'm getting tugged in!" Ryan says. "Me too!" Derek says. Sooner or later, they are in the video game and the most crazy adventure of their lives await.

“Ugh, where are we?” Ryan says. “I think we’re in the game!” Derek says. “Hey Ryan, can I see your backpack?” Derek asks. “Backpack?” “Oh yeah, you woke up” Derek says. “I didn’t even realize I had a backpack as well! My Manual was in the bag, so I read it, and I now know that there are 5 levels in the game.” “5 levels!” Ryan adds worried. “Yup. so we’ve got to get going!” Derek replies. “Why?” “we’re on a week long time limit” Derek says “Well just great” Ryan says sarcastically. “On the manual, it says that the first level is... uh oh. The Blazers!!” Derek says. “why are the blazers the first Level!? Ryan says. “They’re really strong!! Anyway, What type?” “Every blazer except the prototype” Derek replies. “Wait, the prototype F147? Or the regular prototype?” Ryan asks. “Second choice. Anyway, take out your ray gun to fight them” Derek says with enthusiasm. As they enter the first level, they encounter their first Blazer. “oh! the rocket blazer! Okay! I see them” Ryan says. “Wait! I see an old man.” An old man walks up to the two boys. “Well hello Adventurers! Welcome to the shop! What can I get for ya?” The old man asks. “Um, I have a question” Derek says. “What is it?” “Um, how many lives do we have?” “You start with 3 Lives, or fear blocks. Lose all your fear blocks, then you go all the way back to the start of the level you are currently on. “Yikes!” Said Ryan. “That’s harsh!” What happens next asked Derek. “If you lose all your hearts three times, you will be stuck in the game for eternity.” The man responds. “Alright now that we have all the information we need, let’s start going!” Derek says. They finally reach the opening of the level. “Don’t miss your shots!” Ryan says. Derek shoots from his ray

gun five times, and defeats the Blazer. “Hooray!” Says Ryan. “We got our first kill!” “Wait a second!” Says Derek. “There’s a pack of Blazers together!” “Okay we have to defe-” “NOOOOOO” says Derek. “oops I lost a fear block! Th- that’s okay! I got plenty more to go.” Ryan says trying to comfort Derek. But, he knew it was no use. Now, he has 8 lives left. He must be careful. “You got to focus Ryan! This is not a game even though we’re in a game! This will cost us! We need to be more cautious!” Derek scold’s.

While in their adventure, Derek and Ryan’s babysitter was looking for the two boys. “Derek? Ryan?” The babysitter says. She wore a pink shirt with gloves more for the gym and purple jeans. “Where are you two!?” The babysitter goes downstairs and sees the buggy TV. “Don’t mind if I do!” The babysitter says mischievously. But as soon as she touched the Controller for the game, she was sucked in. “Hey Derek?” “Yeah?” Derek says. “You hear that?” “Yeah. wait a second. Someone must’ve touched the controller!” And there plopped the babysitter. “Clara!” The two boys said in a frantic way “What are you two boys doing in the game!? is this even supposed to happen?!” Clara replies. “We know we know. Ryan and I got the game from that old rundown van.” Derek replies. “Didn’t I tell you two never to go there!?” Clara replies pointing her finger to the two boys. “We’re sorry we’re sorry!” Ryan says. “But on the bright side, we cleared the path to the first level!” “And have one more part to go!” Derek adds. “Oh you guys are in so much trouble when we get back!!” Clara says in an angry tone.

“Okay! Were here and... oh my gosh it’s an Incrediom!” Derek says. “Why are Incredioms on the first level! There slimy and sticky and super strong!” Ryan replies. “Clara, take out your ray gun from you bag! And start bodying these Incredioms!” “Wait, I have a ray gun and a Bag?” Clara says. “Yes, i know you aren’t familiar with this but trust me! I mean, trust us!” Derek says. As they finish the first wave of Incredioms, they see a enemy that looks different from all the other Fiends they fought. “Well well! I’m happy to see the the old man tricked more fellow kids I see!” The mysterious Fiend says. “Noway! it’s McCrazy! One of the most strongest Fiends on the Fiend World! “I see you are familiar with me.” McCrazy says. “If you win all 5 levels, i’ll grant you the wish of leaving here unharmed. And I see one of the people on your party has already lost a precious fear block.” Derek looks at Ryan angry and all Ryan can do is shrug. “We will escape this horrid place you monster!” Clara replies. “Don’t be so sure missy!” The mean Fiend says. “Remember you have 9 lives! I take them if you die!!! HAHAAHAHA!” “We have to get out! McCrazy is one of the strongest Fiends in the game!” Derek says. “Oh great! More incredioms!” Ryans stammers. So they all take out there ray guns and blast the incredioms and pass level 2 well, at least they think. The three adventurers see a wooden old rusty house. “Lets rest here!” Ryan suggests. “Yeah” Derek adds. “I’m exhausted!” SO they knock on the door. But there was no answer. “Hello?” Is anyone in here” Derek calls out. “Still no answer.” Ryan says. “Lets just go in. There’s no one in here.” So they walk in and search the place. “I’m

hungry!” Derek calls out. “Well I was going to give you two some peaches in a cup and some gummy worms but i don’t think you two naughty boys deserve that do you?!” Clara adds. “Please Clara!” Derek says sad. “Were sorry!” Ryan adds. “Why alright! You two are my favorites on the block! I love you two!” So Clara give the boys there snacks and they gobble it up with some soda Clara also had in the bag. “MMMM!” Derek said with excitement gobbling his last bite of peach “Thanks Clara!” “Uh huh! You too should be very grateful i’m not telling your parents about this!” “Hey Derek!” Ryan asks taking a sip of his Pepsi. “Yeah?” Derek says responding nervously. “Are there any other incredioms in the building?!” “Let’s keep checking the building.” “Sure” Clara and Derek say at the same time. They both laugh. All of a sudden, A little girl and her big sister come out of their hiding spot they were supposedly hiding at. “What in the world”!

“Who are you people?” The little girl asks. “We should be the ones asking that question!” Derek says with passion in his voice. “Fine, I’m Laura. This is my little sister Lily. We were sucked into this game and we don’t have the courage that we need to get out of this game. Now you three talk!” The older girl says. The little girl wore pajamas with polka dots and slippers. The older girl wore ripped jeans and a tank top with a red necklace. “Me and my friends encountered the same thing that you did! We were sucked in this game not knowing this would happen.” Ryan adds. “Who did you get it from?” Laura questions Ryan. “I got it from the old van at the parking lot near the mall.” Derek adds. “There telling the truth lily” Laura mutters to Lily trying to stop the three adventurers from hearing. “Should we trust them?” Lily asks Laura. “There are only chance we have Lily. We need to stay strong Lily ok! Everything is going to be ok!” “Ok” “You want to see mom and dad right?” “Y-yes” Lily stammers trying to hold her tears. “Alright let’s get up!” Lily smiles and gets up. “Mind if we come with you guys?” Laura asks Derek. “Sure, why not. We need people to back us up right.” Laura and Derek shake hands. “Let the adventure begin!” So they walk to the third level. Then, a note flies to the survivors. “Whats that note flying in the wind?” Derek asks almost tripping. “I’m not sure” Ryan says squinting at the note trying to see the big bold words of the paper. “I’ll grab it.” “What does the note say?” Clara asks trying to see the note. “It says, oh wow! This is great!” “What? What?” Laura asks looking as if she is in a hurry. “Its the map of all the levels! It has all the Monsters in each level!” The monster

that they were going to go through was. A robot that looked just like McCrazy. The McBot. “Whoa! It’s McBot.” Derek says. “He’s half as strong as the real McCrazy. It’s like The Blazer and the Incrediom forged together! That’s how strong he is!” Laura says scratching her head as if she was infested with termites. “Wait! Let’s go to the shop! Maybe we can buy some new weapons!” Lily suggests. “Good idea!” Ryan adds. So they all call the Shop. “Welcome Adventurers! How may I be of service to you?” The old man asks. “Hey! Can we upgrade our ray guns to be stronger.” Ryan asks the old man. “Sure! 2 coins please.” Everyone gives the Old man the Coin except Clara. “Hey! Why don’t I get my ray gun upgraded?!” Clara scolds. “You didn’t defeat the Blazers with us. Get the sword!” Derek suggests. “Ugh! Fine!” Now that we are all good and ready to fight, let’s bust these Bots! Laura says. And that’s exactly what they do. After about half an hour, they defeat the bots and soon notice the mastermind himself, McCrazy. “Well well, you defeated my Robots didn’t you! Now you have to go through me! McCrazy says. “Uh oh! This is not good” ...
