## LightSail® SummerSail Hotspot Instructions - Students

The hotspot is for use with the LightSail app only. Use of the hotspot outside of the LightSail app is prohibited.

## HOW TO JOIN THE HOTSPOT'S WI-FI NETWORK

- 1. Plug in the hotspot and then press the Wi-Fi button. ((•))
- 2. Once the hotspot's blue Wi-Fi indicator light is on, tap the **Settings** icon on the iPad. Then tap **Wi-Fi**.

## **TIPS FOR USING THE HOTSPOT**

- The hotspot must be plugged in to work.
- The hotspot will quickly consume data unless powered off. Unplug the hotspot after each use.
- Connect the two antennas provided in the box for optimal performance.
- Unplug the device for 15 seconds and reboot if you are unable to get online.
